## Re: Pupil Acceptable Use Agreement

Dear Parent/Carer,

I am writing to share an important update regarding our school's Pupil Acceptable Use Agreement (AUA). As you will know, technology plays a central role in modern education, and ensuring that students use digital tools safely, responsibly and respectfully is essential for their wellbeing and success.

The AUA sets out the expectations for how pupils should use school devices, online platforms, email, the internet, and AI tools. It also helps us protect students from online risks, promotes positive digital behaviour, and supports a safe learning environment for everyone.

To ensure that students remain aware of these expectations, they will be asked to re-accept the AUA approximately every 120 days. Pupils will see a prompt before logging in to the school's IT systems asking them to accept the agreement, and must do so before access is granted. This allows us to reinforce responsible use throughout the year.

We ask that all parents and carers take a moment to familiarise themselves with the agreement so that expectations can be supported at home. A clear and shared understanding helps students develop healthy, safe digital habits.

A full copy of the Pupil Acceptable Use Agreement is available on our school website. Please visit the Policies section to view it. [Key Policies and Information for Ofsted - Fakenham Academy](#)

If you have any questions, please do not hesitate to contact us.

Yours sincerely

*G Green*
