June 2025

Dear Parents /Carers,

This is the last letter I will send you this year as students are in their final term of Year 12. The students have been using their study time wisely, revising, making revision cards and completing exam papers. This will stand them in good stead for Year 13.

Full Reports

This year your child will have received a settling in report, progress reports every term, a mock report and this half term you will receive your child's full report. This will give you and your child information about what they have learnt in each subject and their next steps for Year 13. These reports will be used as the basis for the reference they will receive from Fakenham Sixth Form for UCAS, apprenticeships, or job applications.

Year 12 Celebrations Wednesday 2nd July

Our Year 12 celebration will be held on Wednesday 2nd July, 2-3.20pm. This event is to celebrate the hard work and determination of all our Year 12 students. This will be held on the sixth form outside area, and we ask that students bring picnic food and a rug to sit on if they wish. There will be fun activities and music. It would be great to see all our Year 12 students there.

Work Experience

On July 7th, Year 12 students begin their two weeks and two days of work experience. Those students who do not have a placement will be required to attend sixth form where they will be supported to access virtual work experience, or complete online educational courses related to their studies and future aspirations. These students must attend sixth form at 8:40am, where they will be registered as normal. If you have any questions, please contact Mrs. Marshall at s.marshall@fakenhamacademy.org

Curriculum

If you are unsure as to what your child is studying in their A levels, we have a page on the curriculum, on our website which gives an overview of what is being taught in Year 12 and 13 - [Year-13-Curriculum-Overview.pdf](#). You can also find detailed information about subject course content here [Subject Information - Fakenham](#) . Subject teachers regularly share information and revision materials for these topics with their students on Class Charts or Teams.

Evidence shows that students do best when the Sixth Form staff and parents work together. We want all our students to do their best in the Sixth form and enjoy their time with us. If you have any questions or concerns, please contact your child's form tutor or the Sixth Form Team so we can resolve any issues quickly.
